During the dinner hour toasts were proposed to the host and hostess and to Mr. and Mrs. Platenhauer who have recently returned to the islands after an extended trip to Europe. The society women of Honolulu are busy at present with the preparations for the Garden Fete for the benefit of the Endowment Fund of the Children's Hospital. Each of the booths is to be attractive and the extra week that has been allowed the ladies for preparations will give them ample opportunity to secure many saleable articles. The affair will be held at the home of Mr. and Mrs. Harry Lewis on Punahou street on the afternoon and evening of the Twenty-sixth of April.

Young Ireland's Dramatic Society.

A number of the Irish residents of Honolulu gathered together on Wednesday evening and organized themselves into the Young Ireland Dramatic Society. The purpose of the society will be to give plays for the benefit of any charitable organization and the services of the club are at the disposal of any worthy cause. The first play to be put on will be "The West's Awakening." The plot deals with rebel times in Ireland and is full of typically Irish situations both grave and gay.

The young gentlemen who were invited to the Leap Year dance given in the early part of the year by the fairer members of the younger set, are now making preparations for the

return dance which they will give some time during the month. As yet the date is not decided but the affair will probably take place on the 19th, or the Saturday following. It is to be hoped that they will decide upon some other evening than the 19th, for the young ladies of the Kunalu Bowling Club have already issued invitations for a masquerade for that date. As the Kunalu affair is to be rather large the same people will probably be invited to both affairs.

SOCIAL NOTES.

Senator Metzger believes there is a meat trust in Hilo. This developed yesterday when H. B. No. 198 and 199 were on for third reading and before they were deferred until next week. Senator Metzger was in favor of the bill because it allows the farmer to slaughter one beef and one pig a month. He stated that the "meat trust" buys the beefs at 8 cents a pound, live weight, and sells them to the consumer for 22 cents.

Paymaster J. Morton Riggs, U. S. N., retired, and Mrs. Riggs, formerly Miss Alford of Honolulu, are recent arrivals at the Palace. The Riggs came here several days ago from their island home to prepare for an extended tour of Europe.—San Francisco Examiner.

The order sent out at the war, state and navy buildings, transferring Capt. Olysses S. Grant, third corps of engineers, U. S. Never keep vinegar or yeast in stone crocks or jugs; their acids attack the glazing, which is said to be poisonous. Glass is better.

For cleansing glass water bottles save coffee grounds, add soapy water and let stand awhile; then shake vigorously, wash and rinse.

To stop the rotting of Irish potatoes in the cellar do not keep the cellar too warm. Sprinkle plenty of well-slaked lime among them and cover them lightly to keep the light away from them.

For whitening pocket handkerchiefs and lace put them to soak over night in a bath of toilet carbolic soap. This is said to whiten them and to make them clean with but little laundering.

While the heavily trimmed millinery is entirely passé, the hat without adornment is equally out of date.

The popularity of chip has given place to less amenable straws, such as crinoline and the old fashioned rice straw.

To dampen fine clothes to iron, wring a coarse towel out of warm water, wrap articles to be ironed in this and roll tight; let lie over night and they are ready to iron; they will be damp alike; no wet spots and no dry ones, but will iron beautifully.

Pour boiling water on oranges and let them stand five minutes. This will cause the white lining to come away clean with the skin so that a large quantity of oranges can be quickly sliced for sauces or puddings.

Paint can be made bright by rubbing down with kerosene.

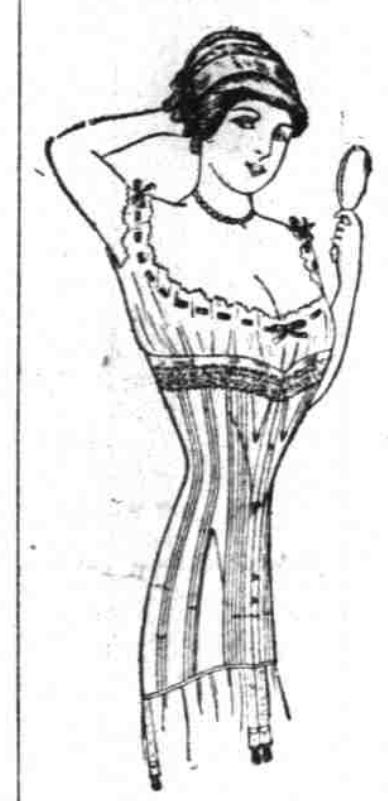

An enameled or zinc bathtub can readily be cleaned by using it.

Salt will remove the stain from silver caused by eggs when applied dry with a soft cloth.
